## SWINGING SOUNDS

### • BEST SINGLES

**Shaun Cassidy: "HEY, DEANIE"** is Shaun's latest contribution to the music world, and don't you just love it?! It's a cut off of Shaun's newest album, "Born Late" and was written by the very talented Mr. Eric Carmen. Shaun makes the best of this haunting-rock ballad with his Cassidy vocal-chords at their best! Turn to page 80 for the lyrics! (Warner-Curb)

**Leif Garrett: "RUNAROUND SUE"** is a remake—and all Garrett fans will agree, it's better than the original! Leif's voice is even deeper and sexier than on his first single, "Surfin' U.S.A." (If that's possible!) and you may be taken by surprise at how grown up he sounds! Just goes to show you that Leif's no "flash in the pan"! His music is becoming very important to him, and he's bounced back beautifully with this upbeat tune! (Arista)

### • BEST ALBUMS

**Charlie Rich: "FOR THE LOVE OF BENJI"** is a very special album and a true delight! This is the original movie soundtrack to the sequel to the hit movie "Benji," and there is, of course, a variety of beautiful songs to listen to. "Sunshine Smiles" is a favorite, along with "I Feel Love," and naturally the album theme song, "For The Love of Benji," shouldn't be missed. (Epic)

**Cheryl Dilcher: "BLUE SAILOR"** is like nothing else you've ever heard before! Cheryl Dilcher truly wins with her own style and grace, and captures you with every note! "Blue Sailor," the title cut from the album, is excellent, as is "What Do I Do Now" and "Here Comes My Baby." (Butterfly Records)

**Steve Gibbons Band: "CAUGHT IN THE ACT"** is a critically acclaimed rock and roll album that's sure to knock your socks off! And what's even better, it was recorded live! This special treat of an album has excerpts from concerts in London, New York, Los Angeles and England, to name a few! Grab it today—you won't regret it! (MCA)

**Olivia Newton-John: OLIVIA NEWTON-JOHN'S GREATEST HITS** has two of the biggest and best attractions of practically any album released in the last two years! Firstly are the three beautiful pictures of Olivia on front, back and inside jackets, and secondly, of course is the music! All the great Newton-John hits are here for you to choose from! Pick your favorite and pick up this album while you're at it! (MCA)

**Lynyrd Skynyrd: "STREET SURVIVORS"** is in the same, great Lynyrd Skynyrd fashion you're accustomed to, natch! You can pick from any one (or two or three!) of the tunes on this album and come up with a winner! Songs like "I Know A Little," "Aint No Good Life" and "I Never Dreamed" are favorites! We're sure you'll find many others of your own, though. (MCA) •
