**Grand Funk Railroad: "CAUGHT IN THE ACT"** is a super 2-record LP set recorded live! It includes songs like "Some Kind of "Wonderful" and "The Loco-Motion." All Grand Funk fans will want to add this one to their play-list! It's well worth the money! (Capitol)

**Neil Sedaka: "THE HUNGRY YEARS"** is one of the best albums released this month! Neil does a great job and he's helped out on the LP by Elton John and his ex-band member Nigel Olsson! Our favorite is "Breaking Up Is Hard To Do," the song Neil wrote and made famous years ago! He's re-done it in a new style that's terrific. (MCA)

**Bay City Rollers: "BAY CITY ROLLERS."** What do you think of the Bay City Rollers? We think they're super, and so is their first U.S.A. album. It features their hit song in Britain, "Bye, Bye, Baby," but we especially like "Saturday Night" and "Give A Little Love"! Watch out for the Bay City Rollers—they're coming your way! (Arista)

**Brownsville Station: "MOTOR CITY CONNECTION"** is the newest by the Brownsville Station ("Smoking in the Boys' Room"). They've got a nice sound together and our favorite cuts are "Automatic Heartbreak," "Give It To Get It" and "You Know Better." Brownsville just added a new member to the group, making it a foursome! (Atlantic)

**Olivia Newton-John: "CLEARLY LOVE."** Lovely Livvy's newest album includes her hit single, "Something Better To Do," and the rest of the album is just as good! There's also a beautiful version of "He's Not Heavy, He's My Brother." (MCA)

**Nigel Olsson: "NIGEL OLSSON."** Nigel proves he's more than just a drummer/back-up singer on this album . . . although he *does* play the drums on it! His first single, "Only One Woman," is on it! Nigel got some help on this LP from Stevie Wonder and Ted Neeley! (Rocket Records)
