**Engelbert Humperdinck: "AFTER THE LOVIN'."** The man with the funny name has a smash hit single—and it's about time! He's too good to keep us waiting so long! "After the Lovin'" is number nine on the charts after a few weeks, and it's dynamite! A perfect tune to hug by! Get it! (Epic)

• BEST ALBUMS

**Steve March: "LUCKY."** *Luck* had nothing to do with it! Steve March is definitely one of the most exciting young performers to come along in quite a while! His debut LP proves that, with such knock-out tunes as, "Croon," and "These Are The Times." He's personable, good-looking, and destined for a big, bright career in the music business. This great album is only the beginning! (United Artists)

STEVE MARCH

**Eagles: "HOTEL CALIFORNIA."** A number two album after only three weeks on Billboard's Top 100 LPs chart? Only the Eagles could do that! Their single from the album "New Kid In Town," is very appropriately another Eagle hit tune—already at number 16! Definitely going places, "Hotel California" is a must for your record collection! (Asylum)

**Kiss: "ROCK AND ROLL OVER."** With the first note that's played on side one until the last note on side two, you won't stop movin' listening to this album! It'll make you want to get up and jump and dance all over the room! Too good to miss! (Casablanca) •
